

ROMANTIC RÜDESHEIM & SURROUNDING

Riesling vineyards, Rhine Gorge and charming landscape

DAY 1

Leaving in the morning and will arrive in Rüdesheim first in the evening. Dinner and time for your own.

DAY 2 Rüdesheim and Niederwalddenkmal

We will take a closer look at Rüdesheim and take the small train Winzerexpressen. The train runs through the charming town of Rüdesheim, where along the way we hear about the city's interesting history and well-known personalities, and we get good tips on the city's many sights. Then the train drives us up the hillsides where we meet of a matchless nature; the lush vineyards with lush rows of green vines on the hillsides and the Rhine winding in the valley. Of the grapes from this region, the delicious German white wine is preferably produced. The tour ends at the impressive large monument Niederwalddenkmal, which rises high on a hilltop in the Niederwald Landscape Park. The area is wooded with deciduous trees - mostly oak and birch. The Niederwalddenkmal monument is 38 meters high and was erected to mark Germany's collection in 1871.

DAY 3 Excursion Heidelberg

After breakfast, we will take an exciting excursion to the old university town of Heidelberg. We visit the beautiful old center, with among other things. The Saints Church. Heidelberg is famous for its well-preserved houses. The city was not bombed during World War II, so much of the good old is preserved. Heidelberg is also a famous and beautiful university town located on the Neckar river, which is definitely worth a visit. Of course, we see the castle (excluding the entrance), which seats approx. 70 meters above Neckar on the Königsstuhl mountain, when reaching Heidelberg. And the castle and its side buildings, together with Alte Brücke across the Neckar river, are also among the most impressive to see on his visit to Heidelberg.

DAY 4 Lorelei and a wonderful boat trip

The famous Lorelei cliff is our first destination today. The rock rises almost vertically at a height of 132 meters above the water. At the foot of the cliff there is a powerful stream, as Lorelei lies at the narrowest point of the Rhine with a width of only 113 meters. Under the water there are several hidden rocks and the name Lorelei is also given as a warning about the dangerous waters, and can be translated into "see stone". There are several legends and myths associated with this place because of the many previous foundations. One of the stories tells that Lorelei, a beautiful girl, sat like a mermaid at the top of the cliff and sang so beautifully and intensely that the sailors got their attention diverted from the dangerous cliffs.

DAY 5 Departure

After breakfast we pack the bus and will return - of course with a stop for border trade.

Rüdesheim am Rhein is a German winemaking town in the Rhine Gorge, and part of the UNESCO World Heritage Site in this region under lofty Riesling vineyards. The landscapes are full of drama, where the high gorge walls plunge to the broad, island-studded river. And guarding the banks are medieval castles inscribed in UNESCO's Upper Middle Rhine Valley World Heritage Site. This part of the Rhine, not far from the Lorelei Rock, has long had a special place in German hearts: In the 1870s it was chosen for a magisterial monument to German unification and victory in the Franco-Prussian War. You can walk up to the Niederwald Monument through vines and beech forest, or catch a cable car for views of the Rheingau you won't forget.
